

Presentation Impact & Presence

Our **Presentation Impact and Presence Course** will help you make the most of your authentic personal presentation and help you feel more empowered.

At the heart of our Impact and Presence coaching is helping you identify how you want to come across to others. What do you want them think about you? How do you want them to feel about you? We then work with you to ensure you have the strategies and new behaviours to achieve this.

"Kate has received universal acclaim from our corporate clients whose time with her has resulted in improvements which range from a significant polish to a total transformation. Even managerial promotions have been credited to the fact that Kate helped them make their presentation memorable and meaningful."

Clive Hook, Clearworth, Director EDF Energy Leadership Programme
